## OVERVIEW

### FRONT END DEVELOPER

Enthusiastic Front-End Developer eager to apply modern web technologies and design principles to real-world projects. Strong foundation in HTML, CSS, and JavaScript, with hands-on experience building responsive websites and web apps.

## EXPERIENCE

### CODESTACK SOFTWARE SOLUTIONS

Front End Developer May 2025- Oct-2025

Developed and maintained responsive, high-performance web interfaces using HTML5, CSS3, JavaScript, and React.js, improving page load speed by 25% and enhancing user engagement. Built reusable front-end components and improved code efficiency, reducing redundancy and speeding up development cycles. Worked closely with back-end developers to ensure seamless data flow and consistent functionality across the full stack. Conducted code reviews, introduced version control best practices via Git/GitHub, and helped onboard new developers. Contributed to agile sprints, feature planning, and deployment cycles to ensure timely, high-quality releases.

## PROJECTS

### E-COMMERCE WEBSITE

**Tech Stack:** HTML, CSS, JavaScript, React, Redux, Firebase  
Developed a fully responsive e-commerce website with product listings, detailed product pages, and a secure checkout process. Integrated Firebase for user authentication and database management. Implemented dynamic search and filter features, and optimized performance for faster load times and improved user engagement.

### SOFTWARE COMPANY WEBSITE

**Tech Stack:** React, Tailwind CSS, Next.js  
Designed and developed a modern, responsive website for a software development company to showcase services, team, and portfolio. Focused on creating a clean UI and smooth navigation experience. Implemented SEO optimization and interactive animations to enhance brand presence and conversion rate.

### FINANCE COMPANY WEBSITE

**Tech Stack:** HTML5, CSS3, JavaScript, Bootstrap  
Built a professional website for a finance and investment firm highlighting services, testimonials, and contact forms. Ensured cross-browser compatibility and mobile responsiveness. Integrated form validation and optimized site structure for better accessibility and client engagement.
